

THE PENN TRAFFIC COMPANY

U.S. Bankruptcy Court for the District of Delaware
Case No.: 09-14078 (BLS)

Final Distribution – December 11, 2015

An Order granting a Final Decree and closing The Penn Traffic Company bankruptcy case was issued on October 19, 2015. The Order also approved procedures relating to the Final Distribution in the Penn Traffic Case. The Penn Traffic Company Plan Administrator, WDC Solutions, Ltd., in consultation with the Penn Traffic Post-Confirmation Oversight Committee, has determined that a Final Distribution, of 2.63% of the amount of each Allowed General Unsecured Claim (Class 3), is appropriate. Excluding this Final Distribution, to date, holders of allowed Class 3 claims have received Distributions totaling 10.50% of the Allowed face amount of their Claims. The Plan Administrator anticipates that a portion of the Final Distribution may eventually be determined to be unclaimed property and, along with other residual property, will constitute "Residual Funds". To the extent that the Residual Funds exceed \$50,000, the Plan Administrator will issue a supplemental distribution of those funds to holders of Class 3 claims that would receive a pro-rata Distribution of at least \$100.00 as part of such Supplemental Distribution.
